Degrees

2017- MSc. Physics, Istanbul University, Istanbul, Turkey;

2012-2016 BSc. Physics, Baku State University, Baku, Azerbaijan (Graduated with high distinction)

Scholarly activities

2014-2015 The Best Student of Year (Azerbaijan)

Research Areas

Solar cells based on III-V compounds, Multijunction Solar cells, Fabrication, Electrical, Optical, Structural Characterization and Applications.

Computer skills

MS Office (Word, Power Point and Excel): *Excellent*

Photoshop: *Good User*

C1: *Good User*

MATLAB: *Beginner*

Languages

Azerbaijan: *Native Speaker*

Turkish: *Near Native*

Russian: *Good Command*

English: *Good Command*

Research Projects

Researcher, Scientific and Technological Research Council of Turkey TUBITAK, Project No: 115F419 "GaInP/GaAs/n-i-p-I GaInNAs tandem solar cells for 21st century", (11/2017-Present)
